The International Society for the study, propagation and conservation of Haworthia, Gasteria, Aloe and other related South African succulents.

SEED LIST – NOVEMBER 2020

Section 1 seeds have been kindly donated by **Les Percy** and consist of open pollinated seed from plants in his collection. In the past three years these have proved very popular with members and there have been some lovely seedlings resulting from them.

It is important that the resultant seedlings are labelled as hybrids.

Section 2 is other 'non-Haworthioid' seed from **Neil Davis in Australia.**

Section 3 is seed from previous lists. **Free seed**, no idea how good germination might be now.

All 5 seeds per packet except where stated.

50p = £0.50 and 25p = £0.25

Check www.haworthia.org for updates on availability.
