## SEED LIST – May 2024

**Due to current phytosanitary regulations, seeds can only be sent to UK addresses at the present time, however, please see paragraph below.**

We are only able to send seeds to overseas members in ways that comply with their government's regulations (e.g. Notice to import seed (Australia), Permit to import small lots of seed (US) and no mis-labelling of contents) and only when conforming with those regulations is neither too onerous, nor expensive (e.g. we cannot issue phytosanitary certificates etc). We expect the relevant member to be able to guide us in following their government's requirements. Although we'll do our best to comply with the regulations where possible, we cannot be held responsible for any seeds which are confiscated. As the UK is no longer part of the EU, any packages sent to EU members would need to be accompanied by a Phytosanitary certificate.

**We regret that as a result we are unable to send seeds to EU members at this time.**

**Section 1** seeds have been kindly donated by Frantisek (Fanda) Vesely and have been produced in cultivation from plants/seeds of known origin. The habitat details given are from the original parents.

All 5 seeds per packet except where stated.

**One packet of each seed maximum except where stated.**

**50p = £0.50**

Check [www.haworthia.org](http://www.haworthia.org) for updates on availability.

**Please indicate acceptable substitutes by ticking the right-hand column where applicable. Most are in very short supply.**
